

Topography

Grapes for the 2021 vintage came from the Morro View Vineyard located just south of Edna Ranch. This ten-acre organically farmed vineyard has four acres planted to clone 362 of Grenache that thrives in the stony sedimentary, loamy soils and the cool Edna Valley climate.

Appellation

The San Luis Obispo Coast AVA is known for a combination of marine influence, rocky soils, and gentle slopes fosters slow ripening, yielding fruit with vibrant acidity and layered complexity.

Winemaking

After a three-day cold soak, destemming and optical sorting, cool and hot fermentations were employed, the hot fermentation providing texture, freshness and structure to the wine.

Fermentation

The wine was then aged for fifteen months in French Oak, 77% barriques and 23% puncheons of which 31% were new.
