

Topography

Known for its fog-laden mornings and sunny afternoons, the Vineyard Eleven site is particularly well-suited to Pinot Noir. The 2022 bottling is composed of 100% Pommard clone.

Appellation

This wine hails exclusively from the Starr Road Vineyard, also referred to as Vineyard Eleven, situated in the heart of the Russian River Valley AVA.

Winemaking

Fermented in open-top bins with native yeast to enhance aromatics, the must transitioned to traditional strains for a cool 18-day fermentation under 82°F, preserving freshness and finesse.

Fermentation

The wine completed full malolactic fermentation and aged 9 months in 60-gallon French oak barrels (24% new) with medium to medium-long toast.
